CORPORATE PROFILE

Demand *Expert* Solutions®

Our corporate motto, "Demand Expert Solutions®" represents the expectations and standards we set for ourselves and for our customers. We demand the best from our staff and we expect the best for our customers. Commercial Solutions has several locations across Canada that provide MRO (maintenance, repair, operations) products and services to industry in the fields of bearings, power transmission, safety, industrial supply, forestry and energy services. We say, "Demand Expert Solutions®" and we stand behind it with our commitment to providing exceptional customer service and technical support.

We thank our existing customers for their patronage. Together, we look forward to providing new customers with our excellent service and expert solutions, which has enabled us to become the outstanding company we are today.

For more information or to place an order, call Commercial Solutions at 1-888-522-9822 or visit our website at www.commercialsolutions.ca

A handwritten signature in black ink, appearing to read "Jim Barker", with a stylized flourish extending to the right.

Jim Barker
President & CEO
Commercial Solutions Inc.

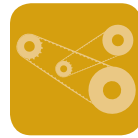

Several locations across Canada providing the expertise you demand.
Find out why we are one of Canada's leading distributors!

✓ EXPERT SOLUTIONS

✓ NATIONAL MARKET COVERAGE

✓ COMMITTED TO OUR CUSTOMERS

“Expect the best—if it rolls or moves, we have the solution.”

BEARINGS & POWER TRANSMISSION

As one of Canada's leading suppliers of bearings and power transmission components, Commercial Solutions carries a full range of products for virtually every industrial application. From simple ball bearings to complex gear boxes and synchronous drives, Commercial's team of specialists can assist your company with both the acquisition and application of the products you need.

Nobody understands bearings and power transmission better than we do. Our experts are well known within the petrochemical industry worldwide as solution providers. Our in-house expertise includes two patents for anti-rotation equipment to solve for the potential dangers of windmilling fans. Furthermore, our team delivers millions of dollars in cost-savings to our customers every year.

Since 1954, we have proudly represented the leading manufacturers of bearings and power transmission components, ensuring that our customers receive the best quality products for every need. Our experts can help you find the exact product you need to keep your operation running smoothly.

COMMERCIAL SOLUTIONS PROVIDES EXPERT MRO SOLUTIONS TO THE FOLLOWING INDUSTRIES:

Aerospace & Airline
Agriculture
Automotive
Biotechnology
Cement
Chemical
Construction

Controls
Defense
Electronics
Food & Beverage
Forestry
Garment
Genetic

Government

Warehousing
Water Treatment

“Consolidate your maintenance, repair and operations purchases.”

INDUSTRIAL

From tools to industrial-strength degreasers and marking tape, Commercial Solutions can provide your company with a complete range of industrial supplies to satisfy all your MRO needs. We carry thousands of the most commonly used industrial supplies and offer a full range of services, including vendor managed inventory and cost-saving initiatives, to ensure that you are making the most of your industrial supply dollars.

As with our other product lines, we are proud to represent many of the top manufacturers of industrial products and supplies. Our skilled branch staff and technical support group will help you find product solutions and our extensive inventory will ensure that the products you need are there when you need them.

“Buy your safety equipment from an expert.”

SAFETY

Commercial Solutions is a national leader in the distribution of safety products. You can rely on our safety experts to help you choose the right basic personal protection equipment, from hard hats, gloves and glasses to gas monitors, chemical clean up kits and fall protection equipment. To keep your safety solutions working for you, Commercial Solutions also offers servicing and maintenance of many critical safety components.

“Work faster & safer, reduce risk and save lives.”

FIREFIGHTING

Partnered with the leading Canadian firefighting equipment manufacturers and distributors, Commercial Solutions is proudly committed to the Fire Services industry. In fact, our fire services team includes professional firefighters who provide the expertise that our customers demand. This in-house team of experts works with you to ensure that fire professionals are safe and are protected by the best products on the market.

For all your fire service needs, contact our experts at:

*“Minimize
downtime
and maximize
production by
receiving critical
parts on time,
every time.”*

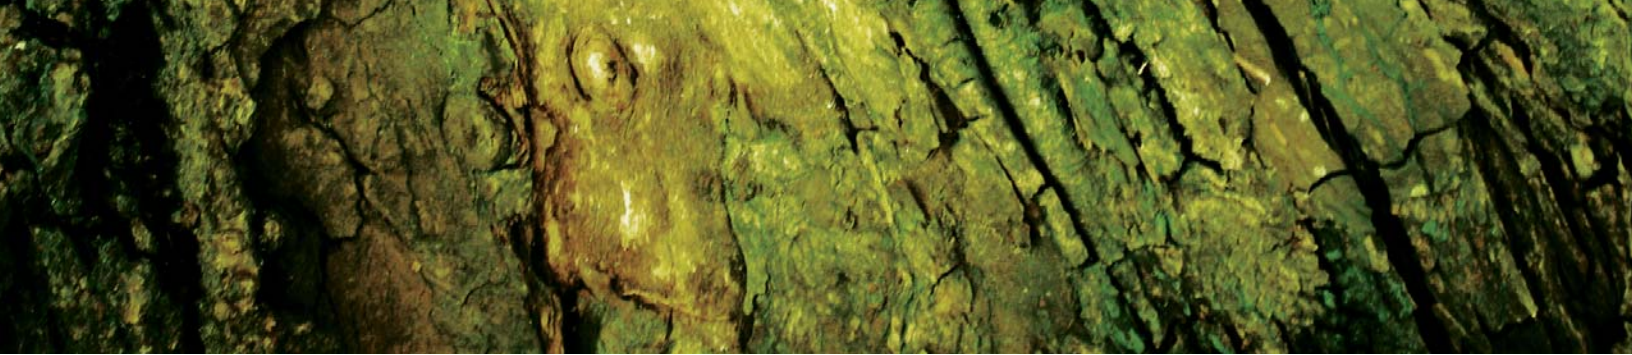

ENERGY SERVICES

Our Energy Services division distributes oil and gas equipment and supplies. We specialize in procuring consumable oilfield products for the contract drilling and well servicing industry. We have the products and experience to service every aspect of oilfield maintenance and supply – from drilling, well testing and well servicing to instrumentation, plant turnarounds and fabrication. Commercial Solutions offers chain-drives, drilling equipment and supplies, and mud pumps, as well as oil well equipment, safety equipment, and valves and fittings.

Our Energy Services division supports some of the largest companies in the western Canadian oil and gas market. We understand that a day's difference in delivery is critical to our customers in the energy sector.

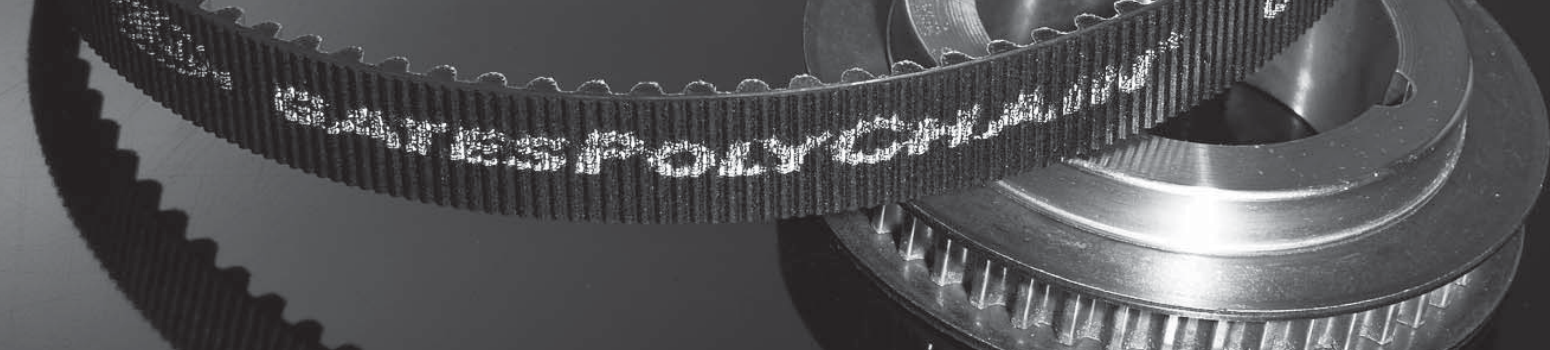

“Get your field supplies when you need them.”

We are a long-term player in the forestry field. Our product depth and breadth is industry-leading as a supplier to the survey, forestry and mining sectors. From flagging to global positioning systems, we have the solution for your field supply demands.

Whether you are looking for planting gear, tree markers or cruiser vests - Commercial Solutions is your one-stop shop for your forestry, survey or mining operation. Our desire to satisfy all of your needs means that you can shop one vendor, instead of five.

*“Ask us about
our custom
solutions.”*

SPECIALTY

Commercial Solutions can fulfill special orders for specific custom products and made-to-order items that do not exist as a standard item in our inventory. Our experts liaise with you and the manufacturer to provide the right solution, no matter what product type or industry.

Our company offers complete work-site inventory solutions. From the equipment and safety apparel needs of your crew, to the coffee machine in the office. Commercial is able to build a complete package to ensure that when you arrive on site, everything you need is ready to go.

We are always willing to source hard to find products and develop custom solutions to satisfy the needs of our clients. If you can't find the product you are looking for in one of our extensive catalogues, give your nearest branch a call.

*Faster access
to the products
you need.*

FAST

Commercial Solutions is participating in the FAST (Free and Secure Trade) program. In the case of a major United States security alert, goods belonging to FAST members would receive priority treatment at the border. FAST has two phases:

Commercial Solutions is one of the first distribution companies in Canada to receive certification for Customs Self Assessment (CSA) by the Canadian Border Services Agency. The program streamlines the clearance, accounting and payment processes for all imported goods, reducing the cost of customs compliance and speeding up the customs clearance process.

We are actively working toward Partners in Protection (PIP) certification in voluntary partnership with the Canadian Border Services Agency. The aim of the program is to strengthen security processes within participating organizations.

*Accuracy in our
operations and
supply chain.*

ISO 9001:2008

As we are committed to quality management, all of our locations have received ISO certification. Our quality policy statement is as follows:

“Commercial Solutions’ group of companies is committed to provide quality products and technical services support that meet or exceed specified requirements while continually improving the effectiveness of our quality management system. This commitment will be achieved through the establishment of quality objectives and strong working relationships with our customers and suppliers.”

*“Fall protection
equipment
inspections
from experts.”*

FALL PROTECTION

If you work at heights, do it safely. Commercial Solutions sells fall protection equipment. We also provide related services, including equipment inspections and repair. See below for a list of fall protection services offered through Commercial Solutions.

OUR COMMITMENT TO COMMUNITIES

From volunteer support to financial contributions, Commercial Solutions shares a tradition of giving back to the communities in which we live and work.

Whether we are supporting regional or local sports groups, contributing funding to arts festivals or continuing our commitment to children's charities, Commercial Solutions will always be respectful and thankful of our position in our communities.

PRODUCT SUMMARY
